Any interest in spring pictures? Katie Shaw would happily do sittings for interested families but we need quite a few to make it worthwhile.

Feedback on Shaw photography, everyone in attendance stated that they loved the photos but some felt the packages were not affordable. Question raised – Do we put this in the newsletter and let parents sign up to get an idea of interested families? Is it possible to have sibling photos done as well? And if so, would it be 1 package total, or one photo package per child?

It was suggested that we return to old style of classroom photographs that include name of child, teacher, grade, parish priest. Ect. Also, is it possible for families to place orders for Fall Class photos? **If you'd like to order a class picture from Katie for last Fall's pictures, contact her at: gbbrown05@yahoo.com. We won't be doing Spring pictures this year. We can totally have Katie return to the old style of class photo. Thank you for the input.**

Other Items

Majorie Dudley requested feedback on volunteer coordinator position. Has this been helpful? Any suggested improvements?

Marjorie explained the importance of email contact, this helps keep volunteers organized due to it sorting into spreadsheet. Please do not contact through text message or Facebook. All volunteer contact must go through email at Qpvolunteer@gmail.com

It was questioned why parents are unable to request ahead of time for planned family vacations.

Who can parents talk to about this? Can someone explain the reasoning behind this policy? **All policy questions are to be directed to Mr. Mucken. In the future, Parent Club is not an appropriate venue for policy disagreements or questions.**
