

Parent Club Minutes June 13th 2018

Field Day Update: Looking great, still could use some volunteers. 3rd Grade needing a couple parents to help take kids station to station. There will be 8 stations. Donations and sponsors covered all of field day expenses. BBQ put on by Knights of Columbus to follow. Families coming just for the BBQ do not forget to bring \$5 if you haven't already. Thank you Judy for all your hard work to making this field day the best yet! Parent Club had left over funds due to field day having so much sponsored and donated so the left over will go toward a new/larger TV in the hallway that currently shows the camera views that are placed in and around the school.

Father Daughter Dance: Very positive feedback from dads and moms. 😊 Would like to do it again next year. Hoping to set a date earlier in the spring. Would like to keep it a free event and hope to get more parish participation. Thank you so much to Marjorie and all those that helped to make this such a great experience for all that attended.

Year end review/wrap up: Mr. Mucken went over the survey results. Always open to hearing feedback and ways we can continue to improve. Great participation with the survey.

Update on the build/safety: Not an exact timeline yet but will hope to have an update for back to school night. There will be fencing all around the work site. Updates will come as information is given to the school.

Auction: Is set for December. Was decided to see how a "committee" vs. chairs would work for the 2018/2019 Auction. There will need to be a "head" of each individual committee that will report to Mr. Mucken and the other "heads" to make sure things are on track. The different committees listed were Data, Print, Student Art/Decorations, procurement, check in and out, powerpoint/photography, displays/layout, and bagging/closing. If interested in being a part of any of the committees please contact Mr. Mucken. Be on the look out this summer for possible meeting or two to get a jump start on Auction planning. It's definitely not too early to start procuring for auction. So be thinking of some ideas, contacts ect while your out and about this summer vacationing or just making contacts with those you may not see fall/winter. There are some great items available this time of year that are not available during the winter months that have potential to be big ticket items.

Next Year Room Reps: Hoping to establish room reps before the start of the school year so we can be more organized and informative. Next years 4th grade and 2nd are covered. One for pre-k but would like another. So if interested please contact Mr. Mucken or parent club chairs Erin or Deanna. Mr. Mucken will be putting together a description of the expectations of a room rep and have it ready so those know exactly what they are committing to.

Welcome Families: Each class had a parent step forward to welcome new families. Lynnette created a welcome booklet.

Golf Tournament: Thank you so much to Kelsey, Bob, Kane and Mel for all your work with this fundraiser. Brought in around \$8500 which was great but attendance was down so hoping to bring in some bigger numbers next year.

Reminder Mrs. Paul is retiring please sign the card at the front desk and if you wish to put some money toward a gift for Mrs. Paul there is an envelope as well. Thursday will be the last day to do this. Her gift and card will be given to her on field day.
